GROUND FLOOR  
OF THE HOPE  
HOTEL!

**Our Story:** We are a local family support group who came together to support each other through our loved ones' addiction.

We were taught and loved by the best!

Our mentor helped us find ourselves in the midst of our loved ones' struggle. He taught us to be **"skillful"** and to **"stay on the ground floor of the hope hotel."**

This is where we gain our name **"The Lobby"**. Stay in the lobby of the hope hotel where the donuts are free!

As we were preparing to launch this group, our mentor sadly lost his life. Prior to his passing, he shared what he had envisioned. A peer led group to continue his passion of serving the families of addicts.

We are here to provide encouragement and a safe place to "speak and be heard," while we share skillful resources to help each other navigate difficult times.

We hope to help you feel welcomed and supported!
